WHOLESALE CATALOGUE OF BULBS PLANTS AND FLOWER SEEDS.

This List Cancels all Previous Offers.

TERMS OF SALE.

To parties of approved credit, accounts are payable net on June 1st and December 1st for goods invoiced between these dates or 5 per cent. can be deducted for payment within 30 days from date of invoice—or for remittance with the order. Tools, Implements, Fertilizers, Clovers and Grass Seeds are not subject to any discount and are sold strictly net cash.

Orders from unknown correspondents, not accompanied by a remittance, should send New York City reference, to save delay.

If goods are wanted C. O. D., 25 per cent. of the amount must accompany the order.

ABOUT PACKING AND SHIPPING.

No charge made. We make no charge for packing, cases, baskets, packages or barrels and pack as lightly as possible, consistent with safety, so as to reduce the cost of carriage.

Cloth bags only we charge for and these at cost.

We make no charge for cartage or delivery of goods to any railroad station, steamship line or express office in New York City.

The safe arrival is guaranteed of all goods sent by express to any part of the United States or Canada.

HOW BEST TO REMIT.

Remittances should be made either in the form of an Express Money Order (which is the best and safest method of remitting), or a P. O. Money Order, Bank Draft or Registered Letter.

Customers can also shop by express, as all express companies have purchasing departments in all their offices. If you wish to order goods from us to be sent by express, ask for a Purchasing Order Blank at any express office, and it will be supplied and forwarded without charge, other than usual rates for returning goods

CONDITIONS OF SALE OF PLANTS.

All plants sent by express, unless specially ordered otherwise. We guarantee safe arrival of all plants sent by express. If wanted by mail, we will send them at an advance of one-fourth over prices quoted. We make no charge for boxes, baskets or packing. The plants are offered in this list at the rates quoted per 100, provided, (except where they are offered singly), that not less than FIVE of each class or variety are taken, nor in less amounts than three dollars for the total value of the order. The varieties must be our own selection of sorts, unless otherwise offered. Any one wanting varieties of special kinds can order from our Retail Descriptive Catalogue, (The Manual of Everything for the Garden,) but at retail rates for which we allow a discount of one-third. We allow a discount of one-third from our retail catalogue on plants not offered in this list.

LOWER EXPRESS RATES ON PLANTS.

Under the new ruling of the leading Express Companies, advocated and secured by us, plants packed in closed boxes or baskets will now be carried at the "General Special" rate. This rate means a reduction of 20 per cent. from the regular merchandise rates to all points where no "General Special" exists. Shipments weighing less than 100 lbs. receive the benefit of the rate per 100 lbs., but the minimum charge is 35c. For instance; where the regular merchandise rate is \$4.00 per 100 lbs., a box of plants weighing 25 lbs. would be carried for 80c.—a saving of 20c. on one shipment.

While We Exercise the Greatest Care.

To have all seeds, plants and bulbs pure and reliable, we do not give any warranty express or implied. If the purchaser does not accept the goods on these terms and conditions, they must be returned at once, and the money that has been paid for the same will be refunded.—P. H. & Co.

BULBS

COPYRIGHT 1891
By PETER HENDERSON & CO.

A FEW OF THE TESTIMONIALS

Our Bulbs receive from
Florists.

Your bulbs received yesterday. They are a very fine lot and we are satisfied beyond measure with them.

The bulbs I received from you such as Bermuda Lilies, Lily of the Valley, etc., have done splendidly; they were first class.

The bulbs I got of you last year were very satisfactory, especially the Harrissii which were the finest I ever saw.

The Bermuda Lily bulbs ordered have been received. They are very fine specimens and certainly ought to produce fine bloom.

The bulbs I purchased from you last fall exceed anything I have ever had for size and beauty.

Last year's bulbs were a great success so I am ordering more.

Bulbs just received. They beat anything we ever saw in the bulb line.

I promise here to order bulbs again this fall. Those ordered of you heretofore have always been admirable and done well.

Received the bulbs yesterday. Are the best bulbs I have ever saw.

We see from the style of bloom that you have a fine strain of Lily of the Valley, and you may book us for 30,000 pips for fall delivery.

THE PRICES OF OUR BULBS

Include

- Packing and Cartage and placing free on board cars or boat in New York. Purchaser pays for transportation.
- Remember in Comparing Prices, you have no duty, ocean freight from Europe, custom house nor brokerage expenses to pay.
- We Reserve the Right to Advance Prices on any Bulbs, Roots, Plants or Seeds—before acceptance of order—should crop prospects, injury in transit, indicate a serious shortage or any unusual conditions prevail.

TERMS.

To parties of approved credit, accounts are payable net on June 1st and December 1st for goods invoiced between these dates, or 5 per cent. can be deducted for payment within 30 days from date of invoice, or for remittance with the order.

We Deliver all Bulbs and Roots.—Properly packed and in good condition—into the hands of transportation companies. After that our responsibility ceases. Consignee then assumes all risks of heating, freezing and delays.—P. H. & Co.

SPECIAL NOTICE.—When you order, please state if you wish your bulbs to be shipped as they are ready, or if we shall hold and make one or more shipments. In absence of contrary instructions, we forward the "Early Bulbs" as soon as they are ready—we term this our "August Shipment"—this would include *Liliums Harrissii* and *Candidum*, *Freessias*, *Roman* and other *French Hyacinths*, *Paper White* and *Double Roman Narcissus*, *Ornithogalum*, *Anemones*, *Alliums* and *Callas*.

Our "September Shipment" includes the general line of Dutch bulbs, such as *Hyacinths*, *Tulips*, *Narcissus*, *Crocus*, etc., etc.

Our "November Shipment" includes *Lily of the Valley*, *Spirea*, *Gladiolus*, *Tuberoses*, *Paeonias*, *Amaryllis*, the late *Lilies*, etc., etc.

A FEW OF THE TESTIMONIALS

Our Bulbs receive from
Florists.

Highly satisfactory were the *Harrissii* received from you. We also had some from ——— but the comparison was much in favor of yours in fact we selected from your 500 5 to 7's as many as 150 bulbs as goods as the 7 to 9's of Mr. ——— and there was a corresponding excellence in your 7 to 9's.

Your Tulips and Hyacinths are A 1.

We have a very low offer from Chicago, but have always found your bulbs enough better than theirs to more than cover extra freight.

The Roman Hyacinths you sent me last fall forced grand.

Please book me for the following bulbs, those supplied by you last season were the best I had.

The bulbs we got of you last year turned out to be first class and all extra fine.

For two years past I have had most excellent success with your bulbs. My Easter Lilies were exceptionally fine.

Enclosed find my order for bulbs for fall delivery. I have not yet received your prices, but I know you will do the best by me you can. The bulbs you sent me last season have turned out very satisfactory.

The *freessias* you sent me last fall were most satisfactory, they forced splendidly.

The bulbs I received from you last fall were first class. The Bermuda Lilies and Romans have done splendidly.

My bulbs you sent last fall were the best in the city. Mr. ——— got his bulbs from Chicago, and they were almost a failure.

Henderson's "High Grade" Bulbs

OF THE TRUE BERMUDA EASTER LILY. *Lilium Harrisii.*

We wish to lay particular stress upon the size and quality of our Bulbs which are larger, healthier and better than those usually sold—for the reason that no expense is spared in manuring and cultivating. Experience having shown us that bulbs so treated are incomparably superior to bulbs grown on impoverished and unfertilized land year after year, which constitutionally weakens the bulbs and they give results accordingly. This is the general practice—especially among those who endeavor to grow cheaply—to enable them to undersell.

Our Stock is True and Unmixed. Our strict selection for years secures true and unmixed stock. Growers cannot afford to force stock mixed with Longiflorums, even though the bulbs were given to them, as they would flower so irregularly as to occupy a bench the whole winter.

SPECIAL NOTICE

- A Plea For Later Delivery and Better Ripened Bulbs.

Most of our customers insist on early delivery.—Early in July or earlier. It is a mistake! To reach customers at that time, bulbs must be dug and cured the last of June, and they are then apt to be white, sappy, immature, will shrink, and will not keep, ship nor flower nearly as well, as bulbs dug a month later, at which time they are thoroughly ripened, plump solid and yellow, and will give correspondingly better results and force into bloom nearly if not fully as early as immature bulbs planted three or four weeks sooner.

Remember, we can ship bulbs as early as any one, but we earnestly advise that if you can wait until the later part of August for your bulbs to do so. Send your orders in at once and state whether you prefer early or late dug bulbs, that we can gauge the quantity of bulbs to be left in the ground for late digging.

BERMUDA GROWN BULBS,

- Versus those Grown in Africa and other Countries.

The Bermuda Easter Lily is a geographical variety of Longiflorum which has been produced by the peculiarly congenial climate and soil of the island of Bermuda. The efforts to produce and propagate it in other countries have proved that it then loses its distinguishing and marvelous merits of earliness and profusion of bloom—and the ease with which it can be bloomed at any particular period—therefore for best results be sure and get Henderson's "High Grade" TRUE Bermuda Easter Lily Bulbs.

The Grandest Winter-Flowering Plant in Cultivation. . .

The TRUE Bermuda Easter Lily is our Great Specialty. We were the pioneer introducers of it and have always been "Head-quarters," supplying the trade generally and the large dealers both in Europe and America.

This Peerless Lily is the greatest acquisition to floriculture made in many years. The remarkably short time required to bring them into flower, and the certainty to produce a profusion of bloom, and also the ease with which they can be made to flower at any desired period, such as Christmas, Easter and other special occasions, render them invaluable.

The Flowers are delightfully fragrant, pure waxy white, of great substance, and if cut as soon as they are open, or partially open, they can be kept two weeks.

A Short Time only is required to bring them into bloom. Bulbs potted in August or September can be had in flower in December if desired.

A Succession of Bloom can be kept up from December to May by bringing the pots of bulbs in from cold frames at intervals throughout the winter.

The quantity of bloom produced is Marvellous; the average production of bulbs 5 to 7 inches in circumference, even when forced, is from 5 to 8 flowers, and of bulbs 7 to 9 inches, 8 to 12 flowers; and, if desired, a second crop of flowers, frequently equal to the first, can be secured the same season by drying the plants off after blooming for a time and then starting them.

Blooming Plants in Pots form typical Easter offerings and presents for decoration of the window, table, house or church. Nothing is more appropriately beautiful nor more highly appreciated. Thousands upon thousands are sold in the large cities every winter for this purpose.

As a Garden Lily it is of great beauty, being entirely hardy, excepting in the northern climates where it requires a protection of leaves or litter to the depth of 5 or 6 inches.

TRADE PRICES OF "HENDERSON'S HIGH GRADE" TRUE BERMUDA EASTER LILY BULBS.

SIZE OF BULBS.	Per doz.	Per 100.	Per 1000.	THE BEST SIZES TO GROW.
Second Size Bulbs. (5 to 7 inches in circumference.)	\$0.50	\$3.00	\$27.00	The best for "Earliest" forcing and particularly for cutting with long stems. Bulbs should produce from 5 to 8 flowers.
First Size Bulbs. (7 to 9 inches in circumference.)	\$0.85	\$6.00	\$56.00	This is the most popular size to grow as pot plants for decoration, and equally as valuable for cutting. Bulbs should produce 8 to 12 flowers.
Extra Size Bulbs. (9 to 11 inches in circumference.)	\$1.75	\$12.00	\$110.00	These extra bulbs are usually grown for specimens in pots. Each bulb should produce from 12 to 18 flowers.
Mammoth Bulbs. (11 to 14 inches in circumference.)	—	Sold Out.	—	These mammoth bulbs make fine specimens for exhibition and decoration. As many as a hundred flowers have been produced from one bulb.

ROMAN HYACINTHS.

WHITE ITALIAN HYACINTH.

DUTCH HYACINTHS.

HYACINTHS.

Hyacinths, Roman and Italian.

	Doz.	Per 100.	Per 1000.
Roman White, extra size , 12 to 13 centimetres (4¾ to 5¼ inches) in circumference. . .	.35	2.25	20.00
Roman White, selected choice , 13 to 15 centimetres (5¼ to 5¾ inches) in circumference. . .	.40	2.60	24.00
Roman Blush Pink, extra size , (Semi double) 12 to 15 centimetres (4¾ to 5¼ in.) . .	.25	1.50	13.50

Roman Light Blue, extra size , (Single) bulbs, 12 to 15 centimetres (4¾ to 5¼ in.) circ	.25	1.50	13.50
Roman Canary Yellow, extra size , (Single) 12 to 15 centimetres (4¾ to 5¼ inches)	.50	3.00
Roman Double White, extra size , 12 to 15 centimetres (4¾ to 5¼ in.) in circum. .	.50	3.00
Italian or Parisian, extra size . A little later in blooming than Romans. Good for succeeding crop; white flowers; bulbs 12 to 15 centimetres (4¾ to 5¼ inches) in circumference. . .	.30	2.00	17.00

Hyacinths, "Dutch" Romans.

These are growing in favor among forcers, to follow the more expensive French Romans. Bulbs average 1½ to 1¾ inches in diameter, or 4½ inches in circumference, but they throw very fine spikes of bloom properly forced, to come in not before January. The small bulbs of some varieties are far superior to others. We have carefully experimented and selected the varieties we send out as being very satisfactory for florists.

HYACINTHS. Dutch or Holland. Named.

Those prefixed with a * are the earliest flowering.

Our "First Size Bulbs" are all selected picked fancy; those offered as "Second Size" are often sent out as First Size bulbs by some dealers. They are really good bulbs, averaging 7 inches in circumference, with the exception of three or four small bulbing varieties. For forcing for cut-flowers and fine bedding they will give better satisfaction than mixed Hyacinths at but little advance in price.

HYACINTHS.—Dutch or Holland. Named.—Continued.

*Those prefixed with a * are the earliest flowering.*

Our "First Size Bulbs" are all selected picked fancy; those offered as "Second Size" are often sent out as First size bulbs by some dealers. They are really good bulbs, averaging 7 inches in circumference, with the exception of three or four small bulbing varieties. For forcing for cut-flowers and fine bedding they will give better satisfaction than mixed Hyacinths at but little advance in price.

MEDIUM TRUMPET NARCISSUS.

LARGE TRUMPET NARCISSUS.

ORNATUS.

NARCISSUS WITH MINATURE CUP.

NARCISSUS OR DAFFODILS.

NOTE.—In describing Narcissus we have referred to the “perianth” and “trumpet.” The latter is the long centre, funnel-like tube, and the “perianth” is the surrounding row of petals or leaves.

ALLIUM NEAPOLITANUM

THE
LEADING
Florists' Forcing Bulbs

On this page are

ANEMONE FULGENS. Invaluable for cutting and pot culture, dazzling scarlet flowers.

ALLIUMS.
Hermitti Grandiflorum and Neapolitanum
AND **WHITE CALLAS, Dry roots,**

Which are superior for forcing purposes, as they come into bloom quickly and require less room—making less foliage. Dry bulbs planted in 4-inch pots will flower nearly twice as abundantly as plants in 6-inch pots that have been kept growing or only semi-dormant.

LITTLE GEM CALLA.

MISCELLANEOUS BULBS AND ROOTS.

	Each.	Doz.	Per 100.		Each.	Doz.	Per 100.

				Camassia Esculenta. Hardy garden plant, flower spikes 2 to 3 ft. high; large blue flowers.20	1.25

Remember—That our prices in this Catalogue include all importing expenses, packing and putting free on board cars or boat in New York. You only have the freight to pay from New York to your station.

FREESIA.

FREESIA REFRACTA ALBA.

(Ready for Shipment in July)

We will have a large crop of extra fine bulbs to offer this season. We now sell annually 1,000,000 of these bulbs to florists for forcing for cut flowers, our bulbs being unusually fine. Freesias produce six to eight flowers upon a stem. Are very handsome, possessing a peculiar grace of form. As cut flowers, they are extremely valuable; the unexpanded flowers open in water, fill the air with a most delicate perfume, and their endurance is really remarkable. They force very easily and should be started in succession from the end of July. Flowers pure white, with yellow blotch on lower petals. (See cut.)

GLOXINIA, LARGE FLOWERING.

IRIS KÄMPFERI.

SPANISH IRIS

FOR FORCING.

THESE almost equal orchids in beauty of coloring and delicacy of perfume—the flowers are of great beauty and cut in the bud state, last from one to two weeks in bloom—longer than any other cut Iris. One root bears one stem bearing two flowers in succession a week apart; the faded flower does not show a mark on the stem when removed. All growers of cut flowers should try these this season; they are low priced, and if planted in boxes and placed in cold frames until they show bud, then bring into heat they can be had in bloom from March on, and will give great satisfaction.

LILY OF THE VALLEY.

HENDERSON'S
—: Large Flowering :—
LILY OF THE VALLEY PIPS.

To make a complete success of forcing Lily of the Valley, it is absolutely necessary to have pips that have been grown in a soil and climate congenial to their proper development; there are many pips annually offered that are late flowering, and having few and small bells, are absolutely worthless for forcing. The past winter we had a complete trial of pips from English, Danish, French and Dutch, as well as from all German growers of repute, and we were pleased to see that **Henderson's Large Flowering Hamburg Pips** were by far the best. Producing robust long spikes of 11, 13 and 15 large bells each.

"POMPADOUR" PÆONIA.

SPIREA
Astilboides Floribunda.

THIS new variety is a great improvement over *Spirea Japonica*. The flowers are borne in large, feathery panicles of purest white, and last a long time in bloom. It is dwarfer in habit, earlier and more profuse in bloom. This is undoubtedly one of the most beautiful and graceful subjects grown, its foliage and flowers combined making it one of the finest gems for winter and spring decoration in the house and conservatory, while for grace and elegance as a cut flower it is unequalled. The few florists who have tried it are enthusiastic in its praise.
See prices below.

THE CRIMSON

THIS GRAND ROSE
IMPROVES UPON
ACQUAINTANCE.

THE BETTER IT BE-
COMES KNOWN THE
MORE POPULAR IT
BECOMES.

...RAMBLER.

Its Growth.

from the ground to the top, so that it is **ONE MASS OF GLOWING CRIMSON**. The color is superb, and remains strong and vivid to the end; plants in our grounds retained the bloom for two months. The profusion of bloom is marvelous, **over three hundred blooms having been counted on one shoot**.

It is essentially a garden Rose, but makes a magnificent specimen in a pot or tub.

We offer fine pot-grown plants of this grand climbing Rose which, if planted this fall, ought to give a nice crop of bloom next season. These plants would also make good specimens in pots in the greenhouse or conservatory in the spring, if potted and started into growth early. Price, plants from 6 in. pots, \$4.00 per doz.; one year plants from open ground (ready October 25th), \$2.00 per doz.; \$15.00 per 100.

THE MEMORIAL ROSE.

(Ready October 25th.)

(*Rosa Wichuriana*.)

The grandest plant for cemetery decoration in existence, It grows flat on the ground like an ivy and blooms in grand abundance throughout July and intermittingly the balance of the season, pure white, sweetly fragrant flowers with a golden yellow disc. It is perfectly hardy, and if planted this fall should bloom next season, Price, extra strong plants from open ground, \$1.50 doz.; \$12. per 100

WINTER FLOWERING ROSES.

Mme. Caroline Testout. Clear satin rose, very beautiful
Souvenir de Wootton. A deep crimson.
Catherine Mermet. Delicate shell pink.
Kaiserin Augusta Victoria. Soft pearly white.
Belle Siebrecht. Rich lustrous pink.
Bridesmaid. Brilliant pink.
Mme. de Watteville. Creamy yellow, edged rose.
Sunset. Rich orange and yellow.
C. de Noue. Brilliant carmine red.
Papa Gontier. Rich carmine.
Perle des Jardins. Deep yellow.
La France. Peach blossom pink.
The Bride. Pure White.
Mrs. P. Morgan. Bright rose pink.
Pres. Carnot. Rosy flesh pink, \$2.00 doz.; \$12.00 per 100
Meteor. Velvety crimson red,

Price, plants from 3-inch pots (except where noted), \$6.00 per 100.

HARDY ROSES.

(Budded low on Manetti stock.) (Ready Nov. 5th.)

Below we give a list of the sorts we offer, they are all home grown, will be thoroughly ripened before shipping and will average two shoots and over per plant.

Alfred Colomb, Anna de Diesbach, Baron de Bonstetten, Baroness Rothschild, Captain Christy, Coquette, des Alpes, Coquette des Blanchés, Countess of Oxford, Duke of Edinburgh, Eugene Furst, Fisher Holmes, Gen. Jacqueminot, Gen. Washington, John Hopper, La France, Louis Van Houtte, Mabel Morrison, Margaret Dickson, Marie Bauman, Magna Charta, Marshall P. Wilder, Mme. Gabriel Luizet, Merveille de Lyon Mrs. John Laing, Paul Neyron, Persian Yellow, Prince Camille de Rohan, Ulrich Brunner, Rosa Rugosa Alba, Rosa Rugosa Rubra. Price, \$1.50 doz.; \$12.00 per 100.

HARDY CLIMBING ROSES.

Gem of the Prairies, Anna Maria, Baltimore Belle. Price, \$1.25 per doz.; \$10.00 per 100.

COPYRIGHT
BY 1897
PETER HENDERSON & CO.

This illustration shows a plant of the **CRIMSON RAMBLER** on the estate of Mr. Louis B. McCagg, Newport, R. I., taken July, 1896.

The plant was set out in May, 1895, and was furnished by us. About 18 inches high when planted; when the photograph was taken it was

fifteen feet high and six feet wide.

THE CRIMSON RAMBLER ROSE.

SHOWS A PLANT THE FIRST YEAR AFTER PLANTING.

AZALEA INDICA.

(Fall Importation Ready About Oct. 15th.)

The Azaleas which we supplied last season were admitted to be the best value for the money ever received by the many florists who bought them, and we can promise as good, if not better, stock and larger plants this coming season.

We have again made special arrangements with the largest grower of Azaleas in Belgium, and take pleasure in offering for delivery about October 15th. Indian Azaleas, double and single, all named varieties, leading market kinds, shapely plants, well headed, at the prices quoted below. This is a specially low import offer both as to sizes and prices, and your early order is solicited. Azaleas are growing in favor yearly, as the great demand this season proved, and the shortage last Spring is sure to cause an increased demand next Spring.

SEE LIST OF SORTS BELOW.

These plants will be carefully packed and can be safely sent by freight to any part of the country.

10 to 12 inch heads.....	Per Doz., \$5.00	Per 100, \$40.00	Per 1000, \$350.00.
12 to 14 " " " " " "	7.00	50.00	450.00.
14 to 16 " " " " " "	9.00	70.00	650.00.

Special, 18 to 24 inch heads, extra fine, \$3.00 each.
6 sold at doz. rate; 25 at 100 rate; 250 at 1,000 rate.

AZALEA INDICA.

ASPARAGUS PLUMOSUS.

One of the handsomest of our foliage plants. The leaves are a bright green, are gracefully arched, and are as finely woven as the finest silken mesh. their lasting qualities when cut are remarkable, retaining their freshness for weeks, hence it ranks as the most valuable plant we have for this purpose, surpassing Maiden Hair Ferns in grace, fineness of text and richness of color. Price, strong plants from 2-in. \$1.00 per doz., \$8.00 per 100.

ASPARAGUS SPRENGERII.

A desirable species, useful as a pot plant or for baskets; the fronds are frequently four feet long, a rich shade of green, retaining their freshness for weeks after being cut. A fine house plant, as it withstands dry atmosphere. Plants from 4-inch pots, \$2.00 per doz.

ASPARAGUS TENUISSIMUS.

Very fine filmy foliage. A handsome climbing plant for the window, and a very useful pot plant. Price, 3-inch pots, 75c. per doz., \$6.00 per 100.

DOUBLE GOLDEN MARGUERITE.

(*Anthemis Coronari, fl. pl.*)

Thousands of this valuable plant are now sold annually in the New York market, being so attractive when in bloom that it sells on sight. The flowers are clear golden yellow, it blooms without cessation the entire season; in winter as well as in summer it is ever covered with bloom. Each season's experience with this grand plant more than confirms the high opinion formed of it when first sent out. (See cut.) \$1.00 per doz., \$6.00 per 100.

ABUTILON SAVITZII.

This unique variety is well shown in the accompanying illustration which represents a plant growing in a 6-inch pot, demonstrating its fitness as a pot plant for window or conservatory. It is a decided improvement upon "Souvenir de Bonn," inasmuch as the variegation is entirely different, the contrast between the green and white is sharper, and the habit of the plant is dwarfer. It will be of exceptional value for edging subtropical beds, as the general style of the plant is such that it harmonizes splendidly with Palms, Dracenas, and especially with Crotons, for it bears full exposure to the sun with splendid results; it also grows in shade. (See cut.) Price, 20c. each, \$2.00 per dozen, \$12.00 per 100.

DOUBLE GOLDEN MARGUERITE

Double Flowered Azaleas.

- A Borsig. A pure white fine form.
- Apollo. Large flower; blood red.
- Bernard Andrea Alba. Fine white.
- Deutsche Perle. Pure white.
- Docteur de Moor. Intense rose.
- Empereur de Bresil. Pink and white.
- Francois de Vos. A clear red.
- Imp. des Indes. Rose edged white.
- Mme. Camille. White striped red.
- Mme. Van der Cruyssen. Bright rose.
- Niobe. Fine double white.
- Simon Madner. Intense rose.
- Vervæneana. A beautiful rose, deeply edged with white.

Single Flowered Azaleas.

- Appollon. White, lined with red.
- Comte de Chambord. Pink and Crimson
- Eng. Mazel. Salmon rose.
- Mme. de Grevy. Flesh color, spotted crimson.
- Roi de Hollande. Blood red, spotted black.
- Sigismund Rucker. Rose, striped white.
- Versicolor. White, striped red.

NEW JAPANESE MAPLE-LEAVED ABUTILON SAVITZII

MAUD DEAN.

CHRYSANTHEMUMS.

We offer below a fine collection of Chrysanthemums, large plants from 5 inch pots, most of which are grown to a single stem, and so will produce large white flowers.

NOTE.—We can supply from 2 inch pots over 150 of the finest sorts for \$3.00 per 100.

- Gold Dust.** "Ostrich Plume." Deep yellow.
Glory of the Pacific. Early pink, very attractive.
Golden Plume. Rich yellow, slightly plumed.
L'Enfant des deux Mondes. "Ostrich Plume." Pure white.
Infatuation. Creamy white changing to pure white.
King of Ostrich Plumes. Deep chrome yellow.
Pluto. Clear bright red, reverse golden.
Ivory. Pure white, dwarf branching habit. It is considered the finest sort in its color.
J. Shrimpton. Bright crimson, largest size and perfect form.
Louis Boehmer. (Pink Ostrich Plume variety.) Exquisite shade of silvery pink, deep rose on the inside of petals, the outer surface studded with a fleecy growth.
Marion Henderson. Rich yellow, one of the very best of the early yellows.
Miss Minnie Wannamaker. Large fine white, fine for cut flowers or for pot plants.
Major Bonnaffon. Grand incurved yellow of largest size, full to the centre, stem dwarf and erect.
Mrs. Bergman. Early white.
MAUD DEAN. Splendid pink. (See cut.)
The Queen. The flower excels all in pure whiteness, is extra large, broad and deep; a good keeper.
Viviand-Morel. Beautiful rosy pink, a fine exhibition sort.
W. H. Lincoln. Clear yellow, very large and full.
Yellow Queen. A fine early yellow.
Wm. Falconer. "Ostrich Plume." Light pink.

Price for any of the above. Strong plants from 5 inch pots, 20c. each; \$2.00 per doz.; \$16.00 per 100.

AMPELOPSIS VEITCHII.

(Japan or Boston Ivy.)

Entirely hardy in the most exposed places, attaining a height of 20 to 30 feet in two or three years, clinging to stones, brick or wood work with the greatest tenacity. It is a great protection to houses, as the leaves lapping over each other like slates on a roof effectually prevent rain from penetrating the walls. For covering dead trees, gate posts, boundary walls, verandas, etc. it has no equal, while its rapid growth and tenacious clinging qualities make it a most desirable plant for staying up terraces. In the summer the foliage is a rich shade of green, but in the fall it assumes the most gorgeous tints of *scarlet*, *crimson* and *orange*, so dazzling as to be seen at a great distance. Price, 2 year pot grown plants, \$1.25 per doz.; \$10.00 per 100; \$90.00 per 1,000.

CARNATIONS.

The great improvement in this grand race the last few years has directed popular attention to them until now they are perhaps exceeded only by the rose alone in the number annually grown for cut flowers. Our collection contains only sorts of approved merit and our plants are in the finest possible condition.

DAYBREAK. So called because of its rare and beautiful color, compared to the first tinge of rosy light seen in the eastern sky. (See cut.)

Alaska. Pure white; one of the very best for winter blooming.

Lizzie McGowan. One of the best *white* varieties we have; strong habit and very free blooming.

Emily Pierson. Deep red, fine large flowers of great substance. A very good variety.

Wm. Scott. Flowers large and non-bursting, of a deep Grace Wilder pink, stems long of good strength. Price, plants from open ground, except where noted, \$8.00 per 100.

NOTE.—As the carnation season is short, we pot into 5 and 6 inch pots a portion of our stock for late sales. These will be ready October 1st and we offer them at \$12.00 per 100.

CARNATION, "DAYBREAK."

LATANIA BORBONICA.

LATANIA BORBONICA

This fine Palm is too well known to need any description; its strong constitution and other grand characteristics render it one of the most popular Palms grown. (See cut.)

Fine plants, leaves, each, per doz.
 2 to 2½ ft., 6 to 8, \$1.50 \$15.00
 15 to 18 in., 5 to 5, .60 7.00
 Plants from 4 in. pots \$20.00 per 100

SEAFORTHIA ELEGANS.

A quick growing Palm and very useful for general purposes.
 5 in pots, 50c. each; \$5.00 per doz.
 4. " 30c. " 3.00 " "

KENTIA BELMOREANA.

The finest of all Palms for house culture. From various causes this variety is rather scarce this season. (See cut.)

3 in. pots, \$2.00 doz; \$15.00 per 100
 4 " 6.00 " 50.00 "
 5 " 9.00 " 75.00 "

KENTIA FOSTERIANA

 4 " 4.50 " 35.00 "
 5 " 6.00 " 50.00 "

KENTIA BELMOREANA.

DRACÆNA FRAGRANS.

One of the finest of our ornamental leaved plants; deep green, broad, gracefully drooping leaves. We have a grand stock of this fine plant to offer and unusually low.
 Fine plants from 5 in. pots, \$6.00 per doz.; \$50.00 per 100.
 " " 4 " 3.00 " 25.00 "
 " " 3 " 2.00 " 15.00 "

DRACÆNA STRICTA-GRANDIS.

A finely colored variety, red, bronze and pink. 4 inch pots, 40c. each, \$4.00 per doz.

DRACÆNA TERMINALIS.

Very ornamental foliage, bronzy green marked red and pink. 4 inch pots, 30c. each, \$3.00 per doz.

ARAUCARIA EXCELSA.

(Norfolk Island Pine.) Deep green, feathery foliage, arranged in whorls, rising one above the other at regular distances, its symmetry of form, grace and beauty of foliage are unequalled in the vegetable kingdom. Prices and sizes as below.

20 to 24 inches high, 4 tiers..... \$3.00 each.
 15 to 18 " 3 " 2.00 "
 10 to 12 "75 "
 8 to 10 "60 "

ADIANTUM CUNEATUM.

ADIANTUM CUNEATUM.

One of the most useful of all the Ferns. We offer a fine stock at the following very low prices.
 Strong plants from 2 inch pots..... \$4.00 per 100
 " " 3 " 6.00 "

BOSTON FERN.

(Nephrolepis Bostoniensis.) A very useful fern for pot culture, keeps excellently in the house, very graceful and of great use in decorating. From 6 in. pots, 5c. each; \$4.50 per doz. 5 in. pots, \$3.00 per doz. 4 in. pots, \$2.00 per doz.

 " Cretica Albo-lineata..... " 6.00
 " Palmata..... " 6.00

LIVISTONA ROTUNDIFOLIA.

One of the prettiest Palms in cultivation, especially suited for table decoration. The foliage, which is similar to Latania Borbonica, but smaller, is gracefully recurved so as to form almost perfectly round plants; in fact it might be called a miniature Latania. Fine plants from 5 in. pots, 10 in. high, 12 to 15 in. broad, 4 to 5 character leaves, \$1.50 each, \$15.00 per doz.

RUBBER PLANT.

RUBBER PLANTS.

We have a splendid stock of this useful and ornamental plant, which will flourish under the most adverse conditions. Our plants are short jointed and sturdy, sure to give satisfaction. (See cut.)
 15 to 18 in. high, 50c. ea.; \$5.00 doz.

ARECA LUTESCENS.

One of our most graceful Palms and of moderately quick growth, is very decorative in all its stages of development. (See cut.)
 2 in. pots, \$0.75 doz.; \$5.00 per 100.
 3 " 1.25 " 10.00 "

COCOS WEDDELIANA.

4 in. pots, \$6.00 doz.; \$50.00 per 100
 3 " 2.50 " 20.00 "
 2 " 1.50 " 12.00 "

PANDANUS VEITCHII.

Plants from 6 in. pots, \$1.50 each.

PANDANUS UTILIS.

Plants from 7 in. pots, \$1.50 each.

ARECA LUTESCENS.

SINGLE WHITE PRIMROSE.

CHINESE PRIMROSES
(*Primula Chinesis*).

For winter flowers there is no more desirable plant than the Chinese Primrose. They are easily grown and flower incessantly throughout the winter. Our plants are raised from the finest seed, specially saved in a private establishment in Europe, and under proper cultivation grand flowers may be expected.

	Per doz.	Per 100.
Primula Single White.....	\$1 00	\$6 00
“ “ Scarlet.....	1 00	6 00
“ “ “Cheswick Red”.....	1 00	6 00
“ “ Spotted.....	1 00	6 00
“ “ Striped.....	1 00	6 00

“ “ Fern Leaf Mixed.....	1 00	6 00
“ “ Ordinary Mixed.....	0 75	5 00
“ Double White.....	1 25	8 00

All the Primulas offered are growing in 3-inch pots.

SPIRÆA, ANTHONY WATERER.

Perhaps no hardy plant of recent introduction combines so many good qualities as this. It is well adapted for edging shrubbery, forming as it does a low, bushy plant, rarely exceeding twelve inches. The flowers are of the richest crimson, borne in dense, flat clusters in profusion from early summer to frost. It will prove of great value for pot culture. Price, 4-inch pots, ready Oct. 15, \$3.00 per doz.; \$20.00 per 100.

VIOLET, MARIE LOUISE.
(Winter Flowering.)

The well-known double purple variety. We offer strong healthy plants, so that any grower should have no difficulty in handling them. Price, \$1.25 per doz.; \$8.00 per 100.

HARDY ENGLISH VIOLET.
(Spring Blooming.)

This Violet is entirely hardy, perfectly double, a deep violet color and most deliciously fragrant. It surpasses the well-known “Marie Louise” Violet in richness of color, being many shades darker, and far excels it in its delightful odor; this is one of its greatest merits. (See cut.) Price, 1st size, large flowering clumps, \$2.00 per doz., \$14.00 per 100. 2d size, \$1.25 per doz., \$8.00 per 100.

ASSORTED DOUBLE PETUNIAS, NAMED.

(Ready about October 1st.)

We offer a grand assortment propagated from this year's seedlings, which are fully up to our high standard. They embrace all shades and markings and are all beautifully fringed. Price, \$1.00 per doz.; \$8.00 per 100.

DWARF OTAHEITE ORANGE.

A dwarf Orange, which bears a strong profusion of fragrant flowers and edible fruit. One of the most effective plants for the house. Those we offer are strong plants, which will flower and bear fruit the coming season. Price, 50c. each, \$4.50 per doz. (Strong 2 year plants.) Plants from 3 in. pots, \$8.00 per 100.

LARGE FLOWERING PANSIES.

We are growing this season a very fine strain of pansy plants, largely yellow, with a fair mixture of purple, blue, black, bronze, etc., from seed of our own saving, and can unhesitatingly recommend them either for winter or spring blooming. Price, plants from seed beds, \$1.00 per 100; \$7.50 per 1,000. Transplanted plants ready October 1st, \$2.00 per 100.

NEW HARDY WHITE PINK, “Her Majesty.”

This is one of the finest hardy Pinks in any color yet raised, and cannot fail to please all lovers of fine flowers. It has become most popular, and is grown by the acre to supply the demand for cut flowers. Low-growing, with flowers of the purest white, as large as a Carnation and of rich Clove fragrance. Price, large clumps, \$12.00 per 100.

SMILAX VINES.

Familiar to every one. Easily grown if trained to strings or stakes. Strong plants from 3-inch pots, 50c. per doz.; \$3.00 per 100.

SWAINSONIA GALEGIFOLIA ALBA.

A plant which is becoming very popular for house culture. Foliage as graceful as an Acacia; flowers pure white, produced in sprays of 12 to 20 flowers each and resembling Sweet Peas. It is of the easiest culture and ever-blooming. Plants from 4-inch pots, \$1.50 per doz., \$12.00 per 100; 3-inch pots, 75c. per doz., \$6.00 per 100.

SWAINSONIA GALEGIFOLIA ROSEA.

A fine contrast to the above; rich, rosy red flowers. 3-inch pots, 75c. per doz.; \$6.00 per 100.

SELAGINELLA EMILIANA.

The best of the species for filling jardinières or growing as single specimens, it is exceedingly ornamental. Price, 3-inch pots, \$1.00 per doz., \$8.00 per 100; 4-inch pots, \$2.00 per doz., \$16.00 per 100.

NOTE.—We can furnish an assortment of Selaginellas from 3-inch pots at \$1.00 per doz.; \$8.00 per 100.

PLANTS FOR FLORISTS' STOCK.

The most of the stock offered below will be ready for delivery when this list is mailed, the balance about October 1st. We will forward all plants in stock as soon as orders are received and balance when ready.

As at the Statue of Liberty

As at the World's Fair

The "Henderson" LAWN GRASS SEED.

**NOTHING SELLS SO WELL!
...and Nothing will PAY YOU BETTER.**

It will be largely advertised this Season and no Dealer can afford to be without it. We furnish it in large or small quantities to suit the pretentious lawn or the modest dooryard plot.

It is the Best Lawn Grass Seed for our American Climate. With it you can renovate old and make new lawns, grass plots, tennis courts, etc., as soft as velvet and as green as emerald all summer long.

We have made the formation of permanent lawns a study for years, and The Finest Lawns in this Country To-Day attest our success. The "Henderson" Lawn Seed is composed of various grasses that grow and flourish during different months of the year, so that a rich, deep green, velvety lawn is constantly maintained, rivaling the famous lawns of Old England.

The Rich Green Carpet

Surrounding the Famous
...STATUTE of
LIBERTY

On Liberty Island, New York Bay, was our contribution toward the erection of this Great Gift of France. We produced the beautiful Emerald Setting for it with the "Henderson"

Lawn
Grass
Seed

The only Lawns
GRANTED A MEDAL
at the World's Fair in Chicago,
were those sown with....

THE "HENDERSON" LAWN GRASS SEED.

The...
Beautiful
Lawns...

At the World's Fair
in Chicago, 1893.

We produced in six
weeks' time with the

"Henderson" Lawn
Grass Seed...

And not one of the charming features at the Exposition was more universally admired.

Notwithstanding the long-continued drought, the lawns retained their luxuriant verdure throughout the entire season.

The "Henderson" Lawn Grass Seed

Is, relatively speaking, the cheapest seed offered, because while the lawn grass mixtures of other seedsmen will not average over 14 lbs. to the bushel, this weighs from 20 to 21 lbs. per measured bushel.

THE QUANTITY REQUIRED

For making new lawns is 5 bushels per acre, or for renovating old lawns 1 to 2 bushels.
For a plot 15 x 20, or 300 square feet, 1 quart is required for new, 1 pint for renovating old lawns. Full printed instructions of "How to make a Lawn" is in every package and bag.

PRICE TO DEALERS.

12 1/2 cts. per quart, put up in superb colored packages of 1 qt., 2 qt., and 4 qt. sizes; retailing at 25 cts. per qt.

Price to Dealers in Bulk.

Is \$4.00 per bushel, put up in 1/4 bushel, 1/2 bushel, 1 bushel and 2 bush. cloth bags. (No charge for bags.)
RETAIL PRICE, \$1.50 per peck;
\$5.00 per bushel.

HENDERSON'S LAWN GRASS MIXTURES

FOR SPECIAL SITUATIONS.

*Terraces and Embankments, Shady Situations,
Golf Links, Hot, Dry Sections.*

THE Special Mixtures here offered have been prepared with a view to overcoming difficulties that have hitherto existed in getting grass to grow on steep slopes, in the shade, etc., where the grasses ordinarily used would not succeed.

The grasses we use in these mixtures are peculiarly adapted for the purpose, and will thrive in the situations and under the conditions for which they have been prepared, but the more effectually to overcome the difficulties, the ground should be thoroughly prepared and a rapid growth of the grasses encouraged by a liberal use of fertilizer or *well-rotted* stable manure. Ground that has been densely shaded by trees is frequently "sour," and if the drainage is defective it is apt to be covered with moss. In such cases an application of lime, land plaster or wood ashes is an excellent corrective and sweetener, but the moss should be first removed by the use of a sharp rake.

HENDERSON'S "Shady Nook" Lawn Grass.

On nearly all lawns there are unsightly bare spots under the shade of trees, which have baffled all efforts to get into grass, but with this mixture there need be no further difficulty.

It is a combination of fine, dwarf-growing, evergreen varieties, which in their wild or natural state are to be found growing in the woods or other sheltered and shaded spots.

Price, \$5.00 per bush.

Special Mixtures.

Besides the Lawn Mixtures offered on this page, we shall at all times be pleased to make up mixtures for special requirements and situations.

We have made grasses a special study, and invite correspondence on the subject and are always glad to advise, so far as lies in our power, how to secure the desired results and the best methods of overcoming weeds and coarse grasses in lawns.

Our pamphlet, "How to MAKE A LAWN," is enclosed in every package, or sent free to applicants.

HENDERSON'S "Sunny South" LAWN GRASS.

Is especially prepared for the South or for very dry sections, and contains all the best grasses that are by nature adapted for hot, dry situations. In the Southern States Bermuda-grass is frequently used, but it remains green only in the summer months, turning brown in winter,

while most of the Northern grasses perish in the heats and droughts of summer.

By using this mixture, and with some care and attention, an all-the-year-round lawn can be maintained.

Price, \$5.00 per bush.

HENDERSON'S "Terrace Sod" Lawn Grass.

A special mixture of grasses best suited for sowing on terraces, railroad embankments and side hills—grasses that produce strong, spreading roots, thus preventing heavy rains from washing them out; that will withstand drought and exposure thrive on shallow soils, and at the same time produce a rich, velvety green turf throughout the season. There need be no fear of introducing coarse grasses into your lawn by sowing this mixture, for, though strout-rooted, the grasses are equally as fine as those used in the "Henderson" mixture. Price, \$5.00 bush.

Henderson's Golf "Link" Grass Seed.

The bracing game of Golf has now become so deservedly popular here that many inquiries have reached us lately for a mixture of grasses that will produce a sward equal to those of the "GOLF LINKS" of Scotland.

Last summer one of our representatives visited some of these Scotch Links, and after minutely examining them found that the close-cut sod of the Scotch "putting greens" can be duplicated here by using certain grasses adapted by nature to grow on light soils and sandy situations.

While the outlying portions of the "Links" can be seeded with less expensive grasses, the "putting greens" for about twenty yards around the "holes" must be sown with the very finest grasses.

For Putting Greens we can supply a special mixture of grasses. Price, \$4.50 per bush.

For the Outlying Grounds or Links proper we can supply a suitable mixture of grasses. \$2.10 bush.; 20 bushels and upward, \$2.00 bush.

JARDINIERES.

"ROCOCO."

"Rococo" Jardiniere. This line is exquisite, the quality of the porcelain is extra and the decorations in various tinted colors and gold stipple and lines are unsurpassed.
 Price, 6-inch, \$1.15; 7-inch, \$1.60; 8 inch, \$2.00; 10-inch, \$4.00.
"Tokoniba" Jardiniere. A Japanese ware resembling very dark terra cotta, it is very hard and exquisitely shaded, dragons and birds in raised relief on dotted clouds, the effect is quiet and rich.
 Price, 8½-inch, \$1.15; 9½-inch, \$1.35; 10½-inch, \$1.50; 12-inch, \$2.50.

"Surrey" Jardiniere. Tinted daintily and ornamented with flowers in colors, gold stipple and scroll.
 Price, 7-inch, 85c.; 8-inch, \$1.00; 9-inch, \$1.35; 10-inch, \$2.00; 11-inch, \$3.00; 12-inch, \$3.75.
Japanese Jardiniere. (Various shapes.) Heavy "Seidzi" porcelain, various ground colors, with flowers and decorations, under glazed enamel.
 Prices, 9-inch, \$1.00; 10-inch, \$1.50; 12-inch, \$2.25.

"SURREY."

WE DELIVER TOOLS AND REQUISITES free to Express or Freight office in New York. BUT PURCHASER PAYS TRANSIT CHARGES. Such articles as are mailable are indicated by "POSTAGE EXTRA," Etc.

RAPHIA.

The best and cheapest tying material for plants, vegetables, grafts, etc.
In braided flats.

PRICE.

20c. per lb.; 10 lbs. for \$1.60

Price, (in braided

flats, about a pound each.) 13c. per lb.

100 lb. lots @ 12c. per lb., in bale lots

RAPHIA
FOR TYING

containing from 220 to 270 lbs. @ 11c. per lb.

TEMPORARY CHRYSANTHEMUM HOUSE OF PROTECTING CLOTH.

Patent Protecting Cloth.

Specially prepared to prevent mildewing and rotting; valuable for protecting plants from frost, covering hot-beds and frames in spring, in lieu of glass, for Chrysanthemum houses, for covering tender bedding plants at night when there is danger of frost, thereby lengthening the display, etc., at one-tenth the cost of glass.
Samples and circular mailed on application.

PRICES OF PROTECTING CLOTH.

Heavy Grade, per yd., 10c.; per piece of 40 yds. @ 9 1/4 c. yd.; weighs about 46 lbs. per 100 yds

Medium Grade, best for general purposes, per yd., 7 1/2 c.; per piece of 50 yds., @ 6 1/2 c. per yd.; weighs about 25 lbs. per 100 yds.

Light Grade, mostly used in South for tobacco plants, per yd., 4c.; per piece of 60 yds., @ 3 1/4 c. per yd.; weighs about 7 1/4 lbs. per 100 yds.

BURLAP MATS, FOR PROTECTING COLD FRAMES AND HOTBEDS.

BURLAP MATS.

For Protecting Cold Frames and Hotbeds.

These are 6x6 feet square, made of strong burlap bagging, warmly lined with waste wool and cotton, which is quilted in to hold position. They are excellent substitutes for straw mats, being if anything, warmer than straw, more easily handled, less bulky, and they do not harbor mice or other vermin. We were afraid that they would hold moisture, and either rot or mildew, but our trial for two winters proves them to be far more durable than straw mats.

Price, 85c. each, \$9.00 per dozen.

STRAW HOT BED MATS.

Made of rye straw and tarred cord. They are invaluable for throwing over cold frames, hotbeds, etc., during the coldest weather. Price, size 3x6 feet, \$1.00 each, \$11.00 per doz.; size 6x6 feet, \$1.75 each, \$26.00 per dozen.

HOTBED SASH.

Best quality, 3x6 feet requiring 6x8 inch glass (1 box of glass glazes about 3 sash.)

PRICES.

In **Shooks**, machine mortised, ready for fitting and putting together, 60c. each; \$6.50 per doz.; \$50.00 per 100.

Put Together, but not glazed nor painted, 65c. each; \$7.00 per doz.; \$55.00 per 100.

DEAN'S AUTOMATIC MOLE TRAP.

The Best Trap Made.

It is easier set than any other trap. Simply pull the plunger and it sets itself. It will catch moles when quite deep in the ground, and there being no pin or other obstruction projecting into the run, there is nothing to frighten the mole as it passes, and in doing so raises the ground enough to spring the trigger. The points of the pins being in the ground, it cannot injure domestic animals.

Price, 85c. each; \$10.00 per doz.

DEAN'S AUTOMATIC MOLE TRAP.

VAN REYPER "PERFECT" GLAZING POINTS.

The finest glazing points on the market; the glass cannot slip; they are quickly and easily put in with special pincers; no "rights and lefts" to bother with.

Price, per box of 1,000, 55c., or by mail 70c. Pincers, price per pair, 40c., or by mail 50c.

BEST QUALITY DIAMOND GLASS CUTTER.

A most useful implement, and better than any other cutter. Will never lose the point. It works entirely different from all others, having a diamond in one corner and a wheel in the other, thus giving a sure cut.

Hold the diamond as shown in cut (against a ruler.) Place the perpendicular on the glass, so it rests on the Diamond and Guide-Wheel—the Wheel towards you. Press on it gradually; until it makes a singing sound, not a harsh noise.

Draw over the glass slowly and uniformly, never cut twice in the same place.

PRICES.

Cocoa handle, the diamond is nearly twice the size of the one in the Ebony Handle, \$4.00; Ebony handle, \$3.00.

CHEAP GLAZING TOOL.

For the price this is a very satisfactory little implement—cuts with a little steel wheel. Price, 6c. each; 65c. per doz. Postage 2c. each extra.

MASTICA FOR GLAZING.

Greenhouses, Sashes, etc., new and old. It is Elastic, Adhesive and easily applied; it is not affected by dampness, heat or cold.

MASTICA GLAZING MACHINE.

\$1.25 each.

Every florist has experienced difficulty in obtaining putty (whether ordinary or white lead), for glazing, that is satisfactory for any length of time. The fact is, putty is not adapted for greenhouse work.

After much study, the inventor of "Mastica" decided that the composition must be of different material, and the qualities must be elastic and tenacious to admit of expansion and contraction without cracking. "Mastica," when applied, in a few hours forms a skin or film on the entire mass, hermetically sealing the substance and preventing the evaporation of the liquids, and remains in a soft, pliable and elastic condition for years. "Mastica" is of great value in going over old houses with a putty bulb or machine on the outside of sash as it makes it perfectly tight and saves the expense of relaying the glass.

Prices of Mastica, (soft for machine application), 35c. per quart; 60c. per 1/2 gallon; \$1.00 per gallon.

THE "PLUMLEY" FRUIT PICKER.

A very simple device, without springs or machinery to get out of order or injure the fruit, which is pulled off by three curved iron fingers, and it rolls easily down a cloth tube, the bottom of which can be held in a basket or barrel. By holding the cloth tube with one hand the fall of each fruit is checked, and can be let out as easily as the operator desires, preventing bruising. As the picker does not have to be lowered with each fruit, as with some pickers, the result is, ten times as much can be picked, and with great ease, by one person. The length of the tube is 11 1/2 feet, enabling a man of ordinary height to reach fruit 16 feet from the ground, and as much lower as desired by having poles of different lengths. We do not furnish poles.

Price, (without pole), 85c. each, or prepaid by mail, \$1.00

THE "PLUMLEY" FRUIT PICKER.

Grinding Bones for Fertilizers

PRICES SUBJECT TO VARIATIONS.

SPECIAL QUOTATIONS TO THOSE USING LARGE QUANTITIES.

SAMPLES MAILED FREE ON APPLICATION.

HENDERSON'S

Superior Fertilizer

IN ATTRACTIVE POUND PACKAGES FOR RETAILING.

STRICTLY HIGH GRADE!

FOR HOUSE PLANTS.

THE BEST SELLING ARTICLE ON THE MARKET.

A safe, clean and high-grade fertilizer, free from disagreeable odor, prepared especially for feeding plants grown in pots. It is a wonderful invigorator, producing luxuriant, healthy growth, foliage of rich texture and large and more brilliant flowers of improved substance. It contains in a highly concentrated form all of the ingredients of plant food essential to the highest development of plants and flowers. It is very soluble and is readily assimilated so that a marked improvement is usually noticed in ten days' time. It is fine and dry, clean and easy to apply, either sprinkled over the surface of the soil as a top dressing, or dissolved in water (*stirring well.*) Detailed descriptions on each package.

For Cut Flowers, a pinch of this fertilizer in the water will keep it sweet and wholesome, and preserve the flowers from one to three days longer, if half an inch of the stems is cut off daily, which removes the callous portion which forms over the cut ends and allows the flower above to absorb the invigorating liquid.

Retail Price. 1 lb. package, sufficient for 25 ordinary sized plants for one year, 20c.

Price to Dealers, 1 lb Packages, 12c each; \$1.25 per doz.; \$10.00 per 100.

APPLY THIS FALL! DO NOT TOP-DRESS WITH UNSIGHTLY DISAGREEABLE STABLE MANURE.

"THE HENDERSON (ODORLESS QUICK-ACTING) LAWN ENRICHER."

A clean, portable and convenient lawn dressing which we have found to be never-failing in inducing a rapid and rich green growth. It should be sown broadcast in the spring or fall, though it can be put on during the summer without injury or danger of burning the grass, and a remarkable improvement will soon be observed. It is in every way more desirable than manure, which is so often full of weed seeds. The use of "Henderson's Lawn Enricher" entirely does away with the old practice of top-dressing lawns with stable manure, which was so objectionable on account of unsightliness and disagreeable odors.

Quantity required.—A 10 lb. package is sufficient to go over an area of 300 square feet, or for forming a new lawn, from 1,000 to 1,500 lbs. per acre, or a smaller quantity for renovating an old one.

PRICE, 5 lb. package, 18c.; 10 lb. package, 35c.; 25 lb. package, 85c.; 50 lb. bag, \$1.50; 100 lb. bag, \$2.75; per ton of 2,000 lbs., \$50.00.

REMEDIES for **INSECTS & FUNGUS**

Our New Book, "INJURIOUS INSECTS AND PLANT DISEASES, WITH REMEDIES." SEE DETAILS OF CONTENTS ON THIRD PAGE OF COVER.

THE
CELEBRATED
"Rose-Leaf"
(Extract of Tobacco.)
Insecticide.

ROSE LEAF EXTRACT OF TOBACCO. INSECTICIDE.

This insecticide has been now most thoroughly tested, and has been proven one of the most effectual articles ever used for the destruction of all insects and scale on plants, that did not injure in some degree the affected plants. **Rose-Leaf Insecticide** is a perfectly pure, highly concentrated extract of tobacco, always of uniform strength of nicotine. It can be applied in various ways, either spraying through a spraying bellows or syringe with spray nozzle, after it has been diluted with from 30 to 150 parts of water, according to the delicacy of the plants to be treated; it can also be used as a vapor, by boiling on small kerosene stoves or in "Evaporating Pans" attached to the pipes, or by the "Cylinder System," or by painting the pipes, etc., etc.

Full instructions for the various methods of applying, including many testimonials from our leading Florists, who have used it and state their methods of application, are given in our "Rose-Leaf" pamphlet, which will be mailed on application.

PRICES:
"ROSE LEAF"
(Extract of Tobacco.)
INSECTICIDE

Pint Can.....\$0 25
Quart Can..... 50
Gallon Can..... 1 50
Five Gallon Can... 5 00

Ant Destroyer.

A non-poisonous powder which will destroy or drive away black ants from lawns, trees, plants, houses or other affected locality. Price, $\frac{1}{4}$ lb. can, 2c.; 1 lb. can, 6c.

Carbolic Soap.

For freeing animals from insects and washing the bark of trees and plants for scale, lice, etc. Price, 1 lb. cake, 12c., or by mail, 22c.

Dissolve 2 oz. in a gallon of water and apply with brush, sponge or spray.

Fir Tree Oil.

The most popular and probably, for "all round" purposes, the best insecticide in the market for greenhouse and house plants; it frees plants of nearly all insects to which they are subject, and for the following it has no superior: Mealy bug, scale, red spider, aphid (black and green), thrip, blight, worms and slugs, and is also a valuable remedy for animal parasites and insects. Price, $\frac{1}{2}$ pint tint, 30c.; pint, 60c.; qt., \$1.15; $\frac{1}{2}$ gal., \$2.00; gal., \$3.75.

Dilute $\frac{1}{2}$ pint to about 10 gallons of soft or rain water (for tender plants or young growth make weaker). Spray on with vaporizer, syringe or bellows.

Fir Tree Oil Soap.

Especially useful on greenhouse and garden plants; killing red spider, mealy bug, aphid, etc. In the vegetable garden it is unrivaled for disposing of potato bugs, cabbage worms, currant worms, black fly, etc. On trees it destroys the caterpillar, elm-leaf beetle, etc. It does not injure fruit or foliage; there is no danger to the person using it, nor are the fruits or vegetables on which it has been used in the slightest degree poisoned. One ounce makes a gallon of non-poisonous insect-killing liquid. Price, $\frac{1}{4}$ lb. tints, 20c.; 2 lbs., 65c.; 5 lbs., \$1.50; 10 lbs., \$2.85; 20 lbs., \$5.25.

German Caterpillar Lime.

A highly recommended European remedy for the prevention of crawling insects from going up or down the trunks of trees; prevents the laying of eggs on the bark, and the hatching of those already laid; prevents borers, scale, etc., and keeps all animals from gnawing the trees; it remains sticky and efficacious from 3 to 5 months, and is easily and cheaply applied. (Little booklet, giving full information, mailed on application.) Price, 5 lbs. can, 80c.; 10 lbs. can, \$1.40; 25 lbs. keg, \$3.10; 50 lbs. keg, \$5.50; 100 lbs. keg, \$10.50.

Apply with a paddle and spread evenly with a hard brush, leaving the lime $\frac{1}{4}$ inch thick. For crawling insects, a ring of it, 4 inches wide around the tree, will suffice. Complete instructions with each package.

Hellebore, Powdered White.

For the destruction of slugs, worms, caterpillars, etc. Less poisonous than Paris green and London purple, and safer to use when fruits or vegetables are nearly ripe. Price, 15c. per lb.

Dry Application. Dust on dry, or mix 1 lb. with 4 lbs. of powdered lime, or flour; dust on with powder duster, bellows or gun.

In Solution. Dissolve 1 oz. to 3 gallons of water; apply with syringe, pump or vaporizer.

Kerosene Emulsion (Concentrated).

For plant lice of any kind, cabbage worms, scale insects on apple, pear, orange, lemon or other trees. Price, 1 qt. can, 25c.; 1 gal. can, 40c.; 5 gal. tin buckets, \$1.50.

Mix 1 gallon Emulsion to 15 or 20 gallons water, according to strength required. Spray on with syringe or force pump.

Persian Powder or Bubach.

Henderson's Superior Grade.

Cheap adulterated grades are worthless. A most effective non-poisonous impalpable powder—so fine that it penetrates the innermost crevices—for worms, flies, aphid, and almost all kinds of insects—it is very effectual—suffocating them by filling up the breathing pores. Price, per lb., 30c.

Dry. Blow on with a bellows or gun.

Solution. Dissolve 1 oz. to 3 gallons of water, and apply with syringe or pump.

Paris Green.

A poisonous, insoluble powder, indispensable on the farm or garden—for preventing the ravages of potato bugs, codling moth, worms, caterpillars, slugs and bugs. Price, 22c. per lb.

Dry Application. Mix with plaster, flour or other dilutant—one part to 100; apply with duster, bellows or gun.

In Solution. Mix 1 lb. to 200 or 300 gallons of water. Apply with pump, syringe or vaporizer.

Bait. For cut worms, mix 1 oz. with 8 ozs. of syrup; mix thoroughly with fresh chopped grass or leaves.

Tobacco Dust, Fine.

For green and black aphid, fleas, beetles, etc. Splendid fertilizer and preventive for insects in the ground and around roots. Price, 7c. per lb.; 5 lbs., 25c.; 10 lbs., 50c.; \$2.00 per barrel.

For insects on plants, apply with powder duster or bellows.—For worms or grubs in the soil, apply liberally to the surface and rake in, or strew thickly in the drills before planting.

Tobacco Stems.

Indispensable for fumigating greenhouses and conservatories—for the destruction of green and black aphid and other insects. Price, 50 lb. bale, 75c.; 100 lb., \$1.25. To of 2,000 lbs., \$18.00.

Lampen thoroughly a few hours before using, place about a half pound over a handful of shavings in a fumigator, and light.

Whale Oil Soap.

Makes an excellent wash for trees and plants where insects and eggs affect the bark, and for smearing on the trunks of trees to prevent worms from crawling up. Price, 12c. per lb.; 5 lbs., 40c.; 25 lbs. and over, at 6c. per lb.

For insects on plants, dissolve $\frac{1}{4}$ lb. to a gallon of water; apply with syringe or spraying pump.

For bark insects, etc., dilute with water to consistency of thick paint, and apply with brush.

REMEDIES FOR FUNGUS, SUCH AS MILDEW, RUST, BLACK ROT, ETC.

Copperdine.

(Ammoniacal solution of carbonate of copper.)

A famous remedy for fungoid diseases of plants, particularly for grapes, curling downy and powdery mildew, black rot, scab, etc. Price, 1 qt. can, 45c.; 1 gal. can, \$1.35; 5 gal. can, \$4.50; 10 gal. carboy, at \$1.20 gal.

Dilute 1 pint to 10 or 12 gallons of water; apply with Knapsack sprayer or bellows vaporizer.

Fostite.

A splendid preventive and cure of fungoid diseases against mildew, black rot, leaf blight, rust, etc., affecting vines, fruits and vegetables. It is a powder, and should be blown on the plants with a powder-bellows or powder-gun, while the foliage is moist, either in the morning or evening, or after syringing. At the rate of 25 lbs. per acre of grapevines, for each application, is the average quantity required. Price, 5 lb. pkg., 40c.; 25 lb. box, \$1.80; 50 lb. box, \$3.25; 100 lb. box, \$5.75.

Bordeaux Mixture.

(Standard strength.)

A valuable and indispensable fungicide for grape growers—thereby insuring large crops and finer grapes, and preventing failure. A sure cure and preventive for black rot, mildew and rust; also of great value for other plants suffering with kindred diseases. Price, 1 qt. can, 40c.; 1 gal., \$1.00; 5 gal., \$4.50.

Dissolve 10 lbs. to 25 gallons of water, and apply with Knapsack sprayer or vaporizer.

Flowers of Sulphur.

For the prevention and destruction of mildew on roses and other plants. Price, 5c. per lb.; 10 lbs., 45c., 25 lbs. and over, at 3 $\frac{1}{2}$ c. per lb. Apply with bellows or gun.

Peter Henderson's Books on Horticulture.

GARDENING FOR PROFIT
PRACTICAL FLORICULTURE.
GARDENING FOR PLEASURE.

HOW THE FARM PAYS.
GARDEN AND FARM TOPICS.
NEW HANDBOOK OF PLANTS.

THE FOLLOWING BOOKS, WRITTEN BY PETER HENDERSON, ARE THE ACKNOWLEDGED AUTHORITIES AND TEXT BOOKS ON THE SUBJECTS OF WHICH THEY TREAT.

Henderson's New Handbook of Plants and General Horticulture.

A NEW AND REVISED EDITION, WITH ABOUT 800 ILLUSTRATIONS.

THIS new edition **rewritten and enlarged in 1889** comprises about fifty per cent. more genera than the former one, and embraces the botanical name (accentuated according to the latest authorities), derivation, natural order, etc., together with a short history of the different genera, and concise instructions for their propagation and culture. A valuable feature of the book is the great care that has been given to obtain all the leading local or common English names, together with a comprehensive glossary of Botanical and Technical terms. Plain instructions are also given for the cultivation of the principal vegetables, fruits and flowers—both for the Amateur, Florist and Market Gardener—with very full instructions on forcing Tomatoes, Grapes, Cucumbers, Mushrooms, Strawberries, etc., together with comprehensive practical directions about soils, manures, roads, lawns, draining, implements, greenhouse buildings, heating by steam and hot water, propagation by seeds and cuttings, window gardening shrubs, trees, etc. In short, everything relating to general horticulture is given in alphabetical order, to make it a complete book of reference. **Price, \$2.40**, or by mail, post-paid, **\$2.60**. (Retail price, \$4.00.)

Practical Floriculture. NEW EDITION. Written particularly for Commercial Florist, but equally as valuable for the Amateur. Fully illustrated; 325 pages. This work teaches how flowers and plants can best be "grown for profit." It is admitted to be the leading authority on the subject. Contents:

How to become a Florist—The Profits of Floriculture—Aspect and Soil—The Preparation for New and the Renovation of Old Lawns—Laying out the Flower Garden—Designs for Ornamental Grounds and Flower Gardens—Planting of Flower Beds—Soils for Potting—Temperature and Moisture—The Potting of Plants—Drainage in Pots—Cold Frames for Winter Protection—Construction of Hot-Beds—Greenhouse Structures—Glass, Glazing and Shading—Modes of Heating—Propagation of Plants by Seeds—Propagation of Plants by Cuttings—Propagating Roses by Grafting and Budding—Greenhouse plants most in demand in Spring—Cold Frame Plants most sold in Spring—Plants most in demand for Window Decoration in Winter—Culture of Winter Flowering Plants for Cut Flowers—Rose Growing in Winter—Bulbs for Winter Flowers—Plants used for Decoration of Rooms—Construction of Bouquets, etc.—Hanging Baskets—Parlor and Winter Gardening—Formation of Rockwork and Plants for Rocks—What flowers will grow in the Shade—Succession Crops in the Greenhouse—Packing Plants—Plants by Mail—Insects and Diseases affecting Plants—Mildew—Diary of Operations for the Year—The Culture of Grape Vines under Glass. **Price, 90c.**, or by mail, post-paid, **98c.** (Retail price, \$1.50.)

Gardening for Pleasure. NEW EDITION. Tells how to grow Flowers, Vegetables and small Fruits in the Garden or Greenhouse; also treats fully on Window and House Plants. It was specially written for amateurs—contains 404 pages, and is fully illustrated. **Price, \$1.20**, or by mail, post-paid, **\$1.30**. (Retail price \$2.00.)

How The Farm Pays. By Messrs. Henderson & Crozier. An acknowledged authority for Farmers. Gives all the latest Methods of growing Grass, Grain, Root Crops, Fruits, etc., and all about Stock, Farm Machinery, etc. **Price, \$1.50**, or by mail, post-paid, **\$1.63**. (Retail price, \$2.50.)

Gardening For Profit. NEW EDITION. A new, revised and greatly enlarged edition of this popular work. This book gives in detail our 25 years experience in *Market Gardening*, and a revised list of varieties in vegetables recommended for market culture. Written particularly for the Market Gardener, but is equally as valuable for the Private Gardener. Fully illustrated; 375 pages. Contents:

The forcing of all important Vegetables and Fruits under Glass—The Men Fitted for the Business—The Amount of Capital Required and Working Force per Acre—Profits of Market Gardening—Location, Situation and Laying-out—Soils, Drainage and Preparation—Manures—The Uses and Management of Cold Frames—Protecting Cloth in lieu of Sashes—Spring Raising of Cabbage, Cauliflower and Lettuce—Formation and Management of Hot-beds—Forcing Pits or Greenhouses—Wide Greenhouses for Vegetable Crops—Forcing Strawberries—Seeds and Seed Raising—How, When and Where to Sow Seeds—Transplanting—Vegetables, their Varieties and Cultivation—When to Sow and Plant in the Southern States—Packing of Vegetables for Shipping—Preservation of Vegetables in Winter—Insects—Culture of Small Fruits—Monthly Calendar of Operations. **Price, \$1.20**, or by mail, post-paid, **\$1.30**. (Retail price, \$2.00.)

Garden and Farm Topics. Contains essays on some special Greenhouse, Vegetables and Bulb, Fruit and Farm Crops. Fully illustrated; 244 pages. **Price, 60c.**, or by mail, post-paid, **65c.** (Retail price, \$1.00.)

Henderson's Bulb Culture. **Price, 15c.**, post-paid. (Retail price, 25c.)

Culture of Water Lilies and Aquatics. **Price, 15c.**, post-paid. (Retail price, 25c.)

Injurious Insects and Plant Diseases with Remedies. Gives the latest preventatives and treatments from practical tests and experiments, including the latest apparatus for applying fluid and powder insecticides. It gives all in plain concise manner. **Price, 15c.**, post-paid. (Retail price, 25c.)
